

ICAR-NRCO TSP/SCSP Nodal Officers had home to home survey for requirement of orchid growers at Mamring area of Pakyong Sub-Division

Nodal officers of SCSP and TSP programme of ICAR-NRC for Orchids Kalaivanan, N. S and Siddartha Sankar Biswas had undergone home to home survey in Mamring area of Pakyong Sub-Division on 24.12.2020. During the visit, with assistance from Mr. Rabin Rai, local resident and contact farmer listed the requirement of the interested orchid growers in the area for orchid cultivation. They also visited and examined the area on which two of the residents like to erect low cost polyhouses. In the visit, they also discussed about the pest management aspects for the control of aphids and slug damage in the Cymbidium flowers with locally available resources. It was scheduled to have one short training on the potting media and planting of orchids soon for the orchid growers in the area.
